Ziox Mobiles brings its first 4G enabled smartphone, 'Astra Metal 4G'. The phone combines with power and style yet the smartphone comes at an affordable price tag.

Astra Metal 4G smartphone sports 5-inch screen with aesthetic curves & elegant design. Fueled with 1.3 GHZ Quad core processor & 1GB of RAM, the Astra Metal 4G delivers blazing, fast performance for an unmatched user experience. Complementing its unbeatable performance is the latest Android 6.0 Marshmallow operating system that thrills you with a seamless multitasking and smooth operating experience.

The mobile phone is equipped with dual camera support, it comes with a 5MP Rear Camera & 2 MP Front camera. The back camera has Auto Focus and Flash support to help you take sharp & vivid images even in low

lighting conditions while the 2MP front camera captures stunning selfies in a jiffy and facilitates video calling.

Commenting on the launch of the newest Astra Metal 4G smartphone, Mr. Deepak Kabu, CEO, Ziox Mobiles says, “After establishing its mark in the feature phone segment, Ziox is proud to introduce its first 4G entrant, that not only elevates performance & customer experience to the next level, but endeavors to empower consumers with affordable technology, keeping the users ahead of the Tech curve”.

The smartphone offers 8GB of internal memory that is further expandable up to 32 GB giving you the freedom of storing unlimited movies, songs and other multimedia utilities right into your pocket. With the Massive 3000mAh battery, Astra Metal 4G keeps you going and going.

With 21 language support, the smartphone also equips connectivity options like WIFI, Bluetooth, FM Radio & more to offer an all-inclusive smartphone using experience. Available in shades of Rose Gold, Silver & Champagne Gold, Astra Metal 4G is already available in leading retail stores across India.
